To: bio_div@asee.org <bio_div@asee.org>
Dear BED Members:

Can we give a round of applause to Dr. Tanya Nocera for her work in making sure the BED newsletter greeted you twice a month with up-to-date announcements, educational resources, and open positions? And an encore applause for Dr. Aileen Huang-Saad, who first initiated this newsletter, now part of her ASEE BED legacy? I'm grateful for the two of them for being excellent models for me, as I have officially stepped into the role of BED Division Chair and have taken over the newsletter.

I'm planning to keep the same general newsletter format, which has seemed to work well these past 2 years, with the inclusion of new *Tidbits.* Keep reading to learn more...

If you have any suggestions for the newsletter or our ASEE Biomedical Engineering Division as a whole, please send them to me!

Have a great weekend,
Sarah I. Rooney, ASEE BED Division Chair
University of Delaware

BED Announcements for 7/15/23

Red = last time announcement is included in newsletter

Announcements

1. ASEE BED Bi-monthly Newsletter Tidbits
2. **ASEE Biomedical Engineering Division (BED) Officer List 2023-2024**

Participate

1. [Feedback Survey](#) - ASEE Biomedical Engineering Division (BED)
2. [BME-IDEA 2023 Meeting Steering Committee Survey](#)
3. [Annual Biomedical Research Conference for Minoritized Scientists Volunteers](#)
4. Biomedical Engineering Education Community (BEEC) Spotlight
5. ASEE Commission on Diversity, Equity, and Inclusion (CDEI) - Committees

Learn

1. **Tidbit:** Email Templates
2. Biomedical Engineering Education Community (BEEC) Resources
3. ASEE Commission on Diversity, Equity, and Inclusion (CDEI) - Virtual Workshop Recordings

Open Positions

1. **South Dakota Mines: Instructor, Lecturer, or Senior Lecturer of Biomedical Engineering**

Call for Newsletter Content

General Announcements

1. ASEE BED Bi-monthly Newsletter Tidbits

I hope to incorporate a Tidbit in each newsletter. This is just a small tip that you think others might benefit from. It does not necessarily need to be BME education-focused (but can be!), but should at least be something that might help productivity, facilitate professional development, or be of general interest to BED members. Tidbits will be listed in the "Learn" section and attributed to the submitter. To submit a Tidbit, use the process described in the Call for Newsletter Content at the bottom of this newsletter. My goal is that these Tidbits will share useful/practical knowledge and help us get to know more BED members! Please do submit (otherwise, you'll be hearing a lot from me...!)

2. ASEE Biomedical Engineering Division (BED) Officer List 2023-2024

- Division Past-Chair and Chair of the Nominating Committee: Tanya Nocera, The Ohio State University
- Division Chair: Sarah Rooney, University of Delaware
- Program Chair: Rachel Childers, The Ohio State University
- Program Chair-Elect: Alexis Ortiz-Rosario, The Ohio State University
- Treasurer: Joseph Towles, Swarthmore College
- Secretary/Web manager: Pun To (Doug) Yung, Syracuse University
- Awards Chair: Yanfen Li, University of Massachusetts Lowell
- Events Chair: Cameron Kim, Duke University
- Member-at-Large: Nicole Ramo, West Chester University
- Member-at-Large: Christine King, University of California – Irvine
- Member-at-Large: Mostafa Elsaadany, University of Arkansas

Participate

1. [Feedback Survey](#) - ASEE Biomedical Engineering Division (BED)

We are collecting feedback on the ASEE Biomedical Engineering Division (BED). Will you please provide your honest responses on [this anonymous form](#) to help us make sure our division is meeting your needs? We are seeking responses regardless of your attendance at ASEE 2023. It should take you no more than 5 minutes to complete. We appreciate your time and hope to see you in Portland for ASEE 2024!

2. [BME-IDEA 2023 Meeting Steering Committee Survey](#)

[BME-IDEA](#) would like to learn more about your experience with bioengineering design and healthcare innovation. The Steering Committee has constructed a brief 10 minute survey that will help inform our upcoming **BME-IDEA 2023 meeting**. If you can complete the survey **by the end of July**, it would be greatly appreciated!

<https://survey.alchemer.com/s3/7392498/BME-IDEA-Needs-Assessment-Survey-2023>

If you have technical issues accessing the survey, please reach out to reseval@venturewell.org. Thank you for your time and participation!

3. [Annual Biomedical Research Conference for Minoritized Scientists Volunteers](#)

The [Annual Biomedical Research Conference for Minoritized Scientists](#) (ABRCMS) is one of the nation's largest conferences for STEM scientists from historically marginalized communities. ABRCMS, funded by the National Institute of General Medical Sciences, strives to provide a supportive, diverse community where attendees are encouraged to develop their skills and education in STEM. Engineering, Physics and Mathematics is one of the conference's twelve core disciplines. ABRCMS is in need of volunteers to serve as reviewers and judges:

- [On-line abstract reviewers](#): assigned approximately 25 abstracts to review Sept. 14-19.

- **On-site judges:** judges will be assigned poster presentations to score and provide positive, constructive feedback during the in-person conference on Nov. 15-18 in Phoenix, AZ. [Judge Travel Awards](#) are available.

Contact: Leah Dixon ldixon@asmusa.org

4. **Biomedical Engineering Education Community (BEEC) Spotlight**

BEEC is a virtual community of practice for BME educators. Biomedical Engineering Education Community (BEEC) Spotlight (1st Monday of the month on Slack!): This video series aims to introduce new members of the community. If you know a new colleague, nominate them using [this form](#) to be featured in the next spotlight video. <https://forms.gle/KWnwRrTU3e5BnYaZA>

5. ASEE Commission on Diversity, Equity, and Inclusion (CDEI) - Committees

CDEI needs your help on all [committees](#). CDEI is currently setting plans for next year. Ideas include member mentoring, formal reviewer training, and community building. Check out CDEI:

- LinkedIn: https://www.linkedin.com/company/asee_cdei/
- Twitter: [@ASEEDiversity](#)
- Blog: <https://diversity.asee.org/deicommitee/blog/>

Learn

1. Tidbit: Email Templates

Gmail (the email client I use) has an option to [send pre-written emails with email templates](#). I might be late to the party because I just learned this tidbit when confronting my new role as BED newsletter manager, seeking a way to streamline the process so I wouldn't have to keep copy/pasting the prior newsletter. I'm already envisioning how I'll use this option in fall when I'm recruiting Clinical Immersion site participants! There are also [fancier options using a Chrome extension](#) but a simple starting point is all I wanted for now. [Outlook](#) has a similar option to create email templates.

Submitted by: Sarah I. Rooney, Associate Professor, University of Delaware

2. **Biomedical Engineering Education Community (BEEC)** Resources

BEEC's website contains recordings, slides, and resources for the biomedical engineering education community. Need ideas for what textbook to use in your BME course? Alternative grading techniques? Funding opportunities in engineering education? Learning more about educational research? Find this and much, much more!

3. ASEE Commission on Diversity, Equity, and Inclusion (CDEI) - Virtual Workshop Recordings

Check out Virtual Workshop Recordings on CDEI's [YouTube Playlist](#)
Check out CDEI:

Position Announcements

1. **South Dakota Mines: Instructor, Lecturer, or Senior Lecturer of Biomedical Engineering**

The Department of Nanoscience & Biomedical Engineering is seeking a dedicated and experienced instructor for our BME 303 Intro to Biomechanics course, with a focus on preparing students for their capstone Biomedical Engineering senior design course. The ideal candidate would also have interest in teaching BME 463L Biomedical Engineering Lab, in spring semesters. The anticipated start date for this position is August 2023. Salary is commensurate with qualifications and experience. This is a part-time, temporary, non-benefited position. The position may continue semester-by-semester, dependent upon performance, department need, funding and student enrollment.

Call for Newsletter Content

The ASEE BED bi-monthly newsletter is a place to share general announcements, open positions, BME education resources, Tidbits, etc. To send an announcement via the BED newsletter, please prepare a 2-3 paragraph description including any relevant URLs and contact info as well as a subject line. **Do not include any attachments.** Be sure that the announcement includes the person to contact with questions. Email all of this information to Sarah Rooney at srooney@udel.edu with **[BED Announcement]** in the subject line to facilitate email sorting. Announcements will be sent out approximately on the 1st and 15th of each month. **Each set of announcements will be included in the newsletter twice.** Announcements will also be recorded on the BED website (<https://sites.asee.org/bed/>) and HUB (<https://aseehub.asee.org/groups/home/34#active-group-members>). To submit a Tidbit, use the same process described above AND label it as a Tidbit and include your name and title/affiliation.

Sarah Ilkhanipour Rooney, PhD ([she/her](#))

Associate Professor

Director of BME Undergraduate Studies

Department of Biomedical Engineering

University of Delaware
