To: bio_div@asee.org <bio_div@asee.org>

Dear BED Members:

I had a friend ask how things are going for me so far in 2024. Honestly... I'm still working on finding my rhythm! Part of that is because we're just finishing up our second week of spring semester classes at the University of Delaware (we have a 5 week winter session), and the first 2 weeks of a new semester are always chaotic-- it's predictable and temporary, which helps me stay grounded. So if you're also working on finding your 2024 groove, know that you're not alone! And if you need some support, reach out-- ASEE BED is filled with so many people who "get it."

Sarah I. Rooney, ASEE BED Division Chair
University of Delaware

This email has been sent using the Biomedical Engineering Division ASEE listserv. Please do not respond to this email address. Responses can be sent to sirooney@udel.edu.

ASEE BED Announcements for 2/15/24

Red = last time announcement is included in newsletter

Congratulations Corner

1. Submit Your Accomplishments

Announcements

1. ASEE Listserv Change
2. PEER DOI numbers

Participate

1. ASEE BED Education Showcase- Call for Participation
2. **5th BMES Council of Chairs Biomedical Engineering Educational Summit**

Learn

1. **Tidbit: Find a Favorite Pen at Michaels**
2. Biomedical Engineering Education Community (BEEC) Resources
3. ASEE Commission on Diversity, Equity, and Inclusion (CDEI)- Virtual Workshop Recordings

Open Positions

1. **University of Texas at Dallas: Assistant Professor of Instruction - Bioengineering**
2. **Virginia Tech: Instructor - Bioinstrumentation Laboratory**

Call for Newsletter Content

Congratulations Corner

1. Submit Your Accomplishments

Submit [this short form](#) to be featured in an upcoming ASEE Biomedical Engineering Division newsletter to highlight member accomplishments (self-submit or submit on behalf of someone you know). We will highlight accomplishments that are related to BME education and induction of ASEE BED members as fellows of related professional organizations (e.g., BMES, AIMBE). Seeing the teaching and career-related accomplishments of colleagues in education-focused roles has served as important inspiration for me over the years, and I hope it will do the same for you!

General Announcements

1. ASEE Listserv Change

Beginning Wednesday, February 21, 2024, any emails sent to an ASEE listserv (like these announcements!) will come from noreply@asee.org. If you wish to respond to the message's author, you will need to manually copy the sender's email into the To field instead of hitting reply.

2. PEER DOI numbers

The papers in PEER now have DOI numbers assigned to them. This should help with searching for specific papers.

Participate

1. ASEE BED Education Showcase- Call for Participation

Attending ASEE 2024 in Portland? Have a classroom activity to share with the BED? Keep reading to learn how to sign up for a low stakes (but fun!) ASEE BED session where you can share an effective BME classroom activity with others.

The 2nd annual BME Education Showcase is Recruiting Participants: BME educators will get 5 minutes to demonstrate their most effective classroom activities, such as icebreakers, hands-on activities, team building, classroom demonstrations, technology tips, classroom DEI initiatives, low-cost solutions/activities, or pedagogical strategies. No idea is too small! Last year was a blast and we are looking to continue to build excitement around the small (but mighty) things we do in our classrooms. And -- as a bonus -- we encourage participants to list your involvement on your CV.

The Showcase will be held during the ASEE annual conference on Tuesday, June 25, 2024. There will be an expectation to make your materials available to the BED community after the conference

Submit your idea [here](#) by May 3rd, 2024

Presenters chosen will be notified by June 1, 2024

Google Form link: <https://forms.gle/LiBeFHC28c2hBous9>

2. 5th BMES Council of Chairs Biomedical Engineering Educational Summit

Registration is now open to anyone!

May 29-31, 2024

New Jersey Institute of Technology, Newark, NJ

Registration open through February 16, 2024

Conference Website: <https://biomedical.njit.edu/fifth-biomedical-engineering-education-summit>
For information email: bme@njit.edu

Travel Awards: We anticipate NSF funding for broadening participation (about 20). Faculty interested in receiving a travel award, please submit the following at the time of registration to bme@njit.edu: (1) a biosketch, (2) a short statement describing your interest in the Summit, including your interest in biomedical engineering education and expected benefits attending this conference, and (3) reasons for receiving an award. The four co-chairs of the conference will review these applications after the registration deadline.

Broadening Participation: Please share this announcement broadly. There are many biomedical 'programs' that are not separate BME departments. In some cases, they do not have representation on the CoC since they are not a distinct department. We wish to reach out to these programs to participate in this Summit whereas they would not normally be able to attend.

Learn

1. Tidbit: Find a Favorite Pen at Michaels

For several years, my favorite pens were the ASEE BED blue ballpoint pens. I'm not just saying that because I have to-- I truly like how they write! Unfortunately, we haven't been able to restock them since ASEE cut our division budgets. In an effort to find new pens, I went to [Michaels](#) (the craft store), which still has the option to try out their pens on paper (I also tried Staples, but I couldn't test pens). I settled on some [STABILO point 88 fineliners](#) in blue, pink, and purple (at Michael's you can purchase just one pen at a time instead of a whole pack). Now I happily write with my colored STABILOs and [black Sharpie pens](#). These might not be the pens for you, but my Tidbit is to find some pens that make you happy, and if you need to try some out before committing, check out Michaels if there's one near you!

Submitted by: Sarah I. Rooney, Associate Professor, University of Delaware

2. Biomedical Engineering Education Community (BEEC) Resources

BEEC's website contains recordings, slides, and resources for the biomedical engineering education community. Need ideas for what textbook to use in your BME course? Alternative grading techniques? Funding opportunities in engineering education? Learning more about educational research? Find this and much, much more!

3. ASEE Commission on Diversity, Equity, and Inclusion (CDEI) - Virtual Workshop Recordings

Check out Virtual Workshop Recordings on CDEI's [YouTube Playlist](#)

Position Announcements

Note: We advertise positions that have a BME education focus to ensure relevance to our BED members. Advertisements may include the following: teaching-focused faculty (TT or NTT) or staff positions, TT positions at PUI or R2+ institutions that have a larger workload and emphasis on teaching, and TT positions that allow for educational scholarship instead of traditional engineering research. If submitting a job posting, please ensure it meets these criteria.

1. University of Texas at Dallas: Assistant Professor of Instruction - Bioengineering

The UT Dallas Department of Bioengineering invites applications for an Assistant Professor of Instruction. The position descriptions and application links are below. If you have questions, please contact our search coordinator, Dr. Betsy Willis, at betsy.willis@utdallas.edu.
<https://jobs.utdallas.edu/postings/25434>

2. Virginia Tech: Instructor - Bioinstrumentation Laboratory

The Department of Biomedical Engineering and Mechanics (BEAM) at Virginia Tech invites applications for a full-time non-tenure track instructor position to begin in August 2024. Duties will primarily include teaching undergraduate bioinstrumentation laboratory courses in biomedical engineering. Additional opportunities are to teach other undergraduate courses in biomedical engineering based on area of technical expertise and department need. If you have any questions, please contact Dr. Sara Arena (sarena@vt.edu).

Initial Review Date: March 14, 2024

Call for Newsletter Content

The ASEE BED bi-monthly newsletter is a place to share general announcements, open positions, BME education resources, Tidbits, etc. To send an announcement via the BED newsletter, please prepare a 2-3 paragraph description including any relevant URLs and contact info as well as a subject line. **Do not include any attachments.** Be sure that the announcement includes the person to contact with questions. Email all of this information to Sarah

Rooney at srooney@udel.edu with [BED Announcement] in the subject line to facilitate email sorting. Announcements will be sent out approximately on the 1st and 15th of each month. **Each set of announcements will be included in the newsletter twice.** Announcements will also be recorded on the BED website (<https://sites.asee.org/bed/>) and HUB (<https://aseehub.asee.org/groups/home/34#active-group-members>). To submit a Tidbit, use the same process described above AND label it as a Tidbit and include your name and title/affiliation.

--
