Mon, Jun 16, 2025 at 8:05 AM

Hello BED members!

This is my very last newsletter before the Annual Conference next week! I'm looking forward to seeing many of you in Montreal.

For those that will not be able to attend the annual conference in person, we will have a virtual attendance option for the Business Meeting which is taking place on Tuesday the 24th from 11:00-12:30 eastern time. This will allow you to provide feedback and vote. This link will only be open for BED members however. It's confirmed you are a BED member if you are receiving these e-mails 😊 So look for a message from me later that will include a Zoom link for the meeting.

Best,

Rachel Childers
2024-2025 ASEE BED Division Chair
The Ohio State University, childers.73@osu.edu

This email has been sent using the Biomedical Engineering Division ASEE listserv. Please do not respond to this email address. Responses can be sent to childers.73@osu.edu

ASEE BED Announcements for 6/15/25

Red = last time announcement is included in newsletter

Congratulations Corner

1. Congrats to Dr. Caroline Cvetkovic on the Mara H. Wasburn Early Engineering Educator Grant from ASEE!
2. Submit Your Accomplishments

Announcements

1. Don't forget to reserve your spot for the BED Social and Banquet on MONDAY June 23rd (not Tuesday like the last newsletter said)!

Participate

1. **Biomedical Engineering Education Call for Papers – Preparing Students for Professional Practice Special Issue**
2. **Call for ASEE BED Officer Nominations.**

Open Positions

1. **The Department of Biomedical Engineering at the University of Massachusetts Lowell is hiring a Visiting Lecturer in Biomedical Engineering.**

Congratulations Corner

1. **Congratulations to Dr. Caroline Cvetkovic on the [Mara H. Wasburn Early Engineering Educator Grant from ASEE](#)!** This grant is awarded to a woman planning to pursue a career in engineering education, who has a demonstrated commitment to innovation in teaching and/or potential for substantial contributions to the field.
2. **Submit Your Accomplishments:** Submit [this short form](#) to be featured in an upcoming ASEE Biomedical Engineering Division newsletter to highlight member accomplishments (self-submit or submit on behalf of someone you know). We will highlight accomplishments that are related to BME education and induction of ASEE BED members as fellows of related professional organizations (e.g., BMES, AIMBE). Seeing the teaching and career-related accomplishments of colleagues in education-focused roles has served as important inspiration for me over the years, and I hope it will do the same for you!

General Announcements

1. Join Us for the ASEE Biomedical Engineering Division Banquet! Celebrate innovation, community, and achievement at the BED Awards Banquet during ASEE 2025 in Montreal.
Date: **Monday, June 23**, 2025 (Please note there was a typo which listed the incorrect day in the last newsletter blurb!)
Time: 6:30 PM – Cash-less cash Bar (pay by card) | 7:30–9:30 PM – Dinner & Awards
Location: Centre Mont-Royal, Salon Cartier I
([2200 Mansfield St](#), 28-min walk from the convention center)
Ticket: \$75 advance | \$85 on site
[Reserve your spot today!](#)

Participate

1. **Biomedical Engineering Education Call for Papers – Preparing Students for Professional Practice Special Issue**
Biomedical Engineering Education announces a special call for papers focused on professional development in biomedical engineering education. We aim to solicit papers from a wide range of courses and programs, at the undergraduate, master's and/or PhD level, focused on preparing students for the workforce or connecting academic pursuits with professional practice. Topical areas can include - but are not limited to - activities, programs, or research in the following areas:
 - Skills-building (e.g., prototyping, regulatory, clinical, quality)
 - Competency-building (e.g., ethics, teamwork, communication, interdisciplinary collaboration)
 - Experiential learning (e.g., course-based efforts, internships, co-ops, clubs, project extensions)
 - Industry partnerships (e.g., sponsored/mentored design or capstone courses, field trips, shadowing)
 - Alternative career pathways in BME (e.g., business, medicine, patent law).

Papers should articulate how their context contributes to preparing BME students for professional practice and include contextual framing of professional development practices in the literature. Papers may be one of the following types (additional detail can be found [here](#)):

- Teaching Tips articles – short papers that illustrate how to implement evidence-based practices in the BME classroom, curriculum, or extracurricular programs.
- Innovation articles – full-length articles that describe the application of evidence-based

science and engineering education best practices in a BME setting.

- Research articles – full-length articles that describe original, hypothesis-driven, or research question-driven work in BME education.
- Perspective articles – guest editorials sharing evidenced-based insights about current trends, challenges, diversity, or other pressing topics in BME education.
- Review articles – articles that critically summarize important aspects of BME education, adding insights that advance BME education research and practice.

Authors are encouraged to [submit an abstract](#) that defines the paper type and the general scope of the intended paper to gain editor feedback. Authors may submit a full paper without first having submitted an abstract.

- Submission of abstracts (~300 words in length, optional) July 15, 2025
- Notification of editorial feedback on abstracts August 15, 2025
- Submission of manuscript January 5, 2026

For information on the Biomedical Engineering Education Special Call on Preparing Students for Professional Practice, please contact Cassie Jamison (jamisonc@rowan.edu), Ross Venook (ross.venook@stanford.edu), Isgard Hueck (ihueck@ucsd.edu) Lyn Denend (denend@stanford.edu), or Tanya Nocera (nocera.15@osu.edu). For information about submission to Biomedical Engineering Education, please contact Ann Saterbak (ann.saterbak@duke.edu).

2. **Call for ASEE BED Officer Nominations:** The ASEE Biomedical Engineering Division holds its elections at the Business Meeting at the Annual Conference. Save the date for the Business Meeting: **Tuesday, June 24 from 11am-12:30pm local time (Montreal)**. Our bylaws require us to have at least two members running in an election for every open position. We encourage you to consider running for the following open positions:

- **Program Chair-Elect:** Assists the Program Chair and manages the work-in-progress portion of the BED program at the Annual Conference. It is expected that this individual will subsequently serve as Program Chair, Division Chair, and Immediate Past Chair in the subsequent 3 years. (1-year term with subsequent commitments totaling 4 years)
- **Treasurer:** Oversees and maintains the financial records of the Division and ensures that activities conform to ASEE financial policies and standards. (2-year term)
- **Secretary/Webmaster:** Records minutes at the BED business meeting and other meetings throughout the year, maintains official records, produces division publications, and maintains BED website. (1-year term)
- **Division Vice Chair for Honors and Awards:** Leads the Awards Selection Committee in selecting Division awards. (2-year term)
- **Vice Chair for Events:** Organizes and plans the BED social and awards banquet at the Annual Conference, and any other events that arise. (1-year term)
- **Member-at-Large:** Serves as judge (and recruits other judges) for the WIPs at the Annual Conference, serves as judge for the BED Travel Award(s), and serves in other capacities on an ad-hoc basis. (3-year term)

Full position descriptions can be found in our Division Bylaws on the [BED website](#). Please visit the Officers/Contacts page of the BED website if you would like to contact our current officers directly to get more information on the responsibilities or workload for any particular position.

If you are interested in running for an officer position (or would like to nominate someone else), please **contact Sarah I. Rooney** (sirooney@udel.edu), **Nominating Committee Chair by Monday, June 16** with the following:

- Candidate Name
- Position(s) being nominated
- Email address
- Photo
- 1 Paragraph bio to be shared with the division before voting occurs

Position Announcements

Note: We advertise positions that have a BME education focus to ensure relevance to our BED members. Advertisements may include the following: teaching-focused faculty (TT or NTT) or staff positions, TT positions at PUI or R2+ institutions that have a larger workload and emphasis on teaching, and TT positions that allow for educational scholarship instead of traditional engineering research. If submitting a job posting, please ensure it meets these criteria.

1. **The Department of Biomedical Engineering at the University of Massachusetts Lowell is hiring a Visiting Lecturer in Biomedical Engineering.** The successful candidate will primarily teach undergraduate courses in biomedical engineering and may contribute to curriculum development, advising, and departmental service. This is a full-time, non-tenure-track position with a one-year appointment and the possibility of renewal based on performance and departmental needs.

Apply at: <https://careers.pageuppeople.com/822/lowell/en-us/job/527416/visiting-faculty-lecturer-biomedical-engineering>

Call for Newsletter Content

The ASEE BED bi-monthly newsletter is a place to share general announcements, open positions, BME education resources, etc. To send an announcement via the BED newsletter, please prepare a 2-3 paragraph description (~250 words or less) including any relevant URLs and contact info as well as a subject line. **Do not include any attachments.** Be sure that the announcement includes the person to contact with questions. Email all this information to Rachel Childers at childers.73@osu.edu with **[BED Announcement]** in the subject line to facilitate email sorting. Announcements will be sent out approximately on the 1st and 15th of each month. **Each set of announcements will be included in the newsletter twice.**

Rachel Childers, Ph.D.

Professional Practice Associate Professor & Director of Undergraduate Education

Department of Biomedical Engineering

Fontana Labs 4100B, 140 W 19th Ave., Columbus, Ohio 43210
