Congratulations Corner

1. **Brian Helmke wins UVA Alumni Association Distinguished Professor Award.** Read the article about the award [here](#). Or there's another [fun article](#) highlighting Prof. Helmke with a flash back to a teaching demo you may have seen at the ASEE BED 2023 showcase.
2. **Submit Your Accomplishments:** Submit [this short form](#) to be featured in an upcoming ASEE Biomedical Engineering Division newsletter to highlight member accomplishments (self-submit or submit on behalf of someone you know). We will highlight accomplishments that are related to BME education and induction of ASEE BED members as fellows of related professional organizations (e.g., BMES, AIMBE). Seeing the teaching and career-related accomplishments of colleagues in education-focused roles has served as important inspiration for me over the years, and I hope it will do the same for you!

General Announcements

1. **ASEE Annual conference abstracts are due October 8th!** The 2025 Annual conference will be in Montreal, Quebec Canada on June 22-25. Consider submitting an abstract the BED. Abstracts open today and can be submitted here: <https://nemo.asee.org/public/conferences/344/registration/new>. See the call for papers from the Biomedical Engineering Division (BED).

Participate

1. We invite you to help support the work of the CDEI (Commission on Diversity, Equity and Inclusion). Ways to get involved:
 - Get involved on a CDEI committee/team: <https://diversity.asee.org/deiccommittee/get-involved/>
 - Check out the [CDEI blogs](#) and recommend people for scholar spotlights and guest blogs (or [Blog/Spotlight link](#) for them to submit their ideas).
2. **BEEC member spotlight series:** Watch the latest video on BEEC member spotlight series, the first week of each month. There will be a chance to engage with the presenter and ask them questions on BEEC Slack channel the following week.
 - Know a new member of the Biomedical Engineering Education Community? Are you a new faculty member yourself? Nominate candidates to be on our next spotlight video [here](#).

Position Announcements

Note: We advertise positions that have a BME education focus to ensure relevance to our BED members.

Advertisements may include the following: teaching-focused faculty (TT or NTT) or staff positions, TT positions at PUI or R2+ institutions that have a larger workload and emphasis on teaching, and TT positions that allow for educational scholarship instead of traditional engineering research. If submitting a job posting, please ensure it meets these criteria.

1. **Professional Practice Assistant/Associate Professor in Biomedical Engineering at The Ohio State University:** We are seeking highly motivated candidates for the position of Professional Practice (Assistant/Associate) Professor in the Department of Biomedical Engineering. This is a non-tenure track, teaching-focused position, with 12 months/year appointment, necessitated by the continued growth of our ABET-accredited undergraduate program in Biomedical Engineering. A highly competitive candidate will have significant experience in evidence-based and inclusive pedagogical teaching techniques and be (or have the potential to be) an educational leader with a passion for developing and delivering cutting-edge curricula.

- For more information and instructions on how to apply please go here: https://osu.wd1.myworkdayjobs.com/OSUCareers/job/Columbus-Campus/Assistant-Associate-Professor--Professional-Practice---Biomedical-Engineering_R115110-1
- Please forward to other interested candidates. Review of applications will begin November 15, 2024.

2. **The School of Biomedical Engineering at UBC is hiring an Assistant Professor of Teaching** (tenure track position in the Educational Leadership stream). Appointment at the Associate Professor of Teaching with tenure with may be considered for an applicant of exceptional qualifications. The successful candidate will teach a range of Biomedical Engineering (BME) subject areas at both the undergraduate and graduate levels. This position is especially focused on curriculum development, including the creation of new undergraduate and graduate courses in a structured, course-based Master's program. We are also particularly looking for leadership in the development and implementation of short-duration, competency-based learning opportunities within micro-credentials and certificates. Example areas where these opportunities exist include biomanufacturing, bioprocessing, bioprinting and additive manufacturing, hydrogel biomaterials, advanced functional biomaterials.

- Please forward to your departments or any candidates. Applications will be accepted until November 15, 2024.
