Sun, Sep 15, 2024 at 7:31 AM

Hello BED community,

We had more mixed responses to the last poll about "Do you think tenure is beneficial to higher education?". Of the 29 respondents, most people (48%) answered "maybe, unsure, or mixed feelings", 28% said 'yes it's beneficial', and 24% said 'no, not beneficial'.

Did you see that ASEE abstracts are open already? Are you planning to submit an ASEE abstract this year?
([View/vote in browser](#))

Rachel Childers

2024 ASEE BED Division Chair

The Ohio State University, childers.73@osu.edu

This email has been sent using the Biomedical Engineering Division ASEE listserv. Please do not respond to this email address. Responses can be sent to childers.73@osu.edu

ASEE BED Announcements for 9/15/24

Red = last time announcement is included in newsletter

Congratulations Corner

1. Submit Your Accomplishments

Announcements

1. ASEE Annual conference abstracts are open and due October 1st.

Participate

1. BEEC member spotlight series. Watch and nominate!
2. **Register Now for BME-IDEA!** (link included)
3. **Survey Request: Need faculty perspectives on the impact of facilitating undergraduate research to themselves**
4. BE NSPIRE - Biomedical Engineering Network of Students and Post-docs in Research and Education

Learn

1. ASEE Commission on Diversity, Equity, and Inclusion (CDEI)- Virtual Workshop Recordings

Open Positions

1. ***The School of Biomedical Engineering at UBC is hiring an Assistant Professor of Teaching (tenure track position in the Educational Leadership stream).***

Call for Newsletter Content

Congratulations Corner

1. **Congratulations to the 2024 DEBUT Challenge winners.** <https://venturewell.org/debut-2024-winners/> Two of the top three teams were mentored by BED members: Sabia Abidi from Rice University and David O'Neill from Northwestern University.
2. **Submit Your Accomplishments:** Submit [this short form](#) to be featured in an upcoming ASEE Biomedical Engineering Division newsletter to highlight member accomplishments (self-submit or submit on behalf of someone you know). We will highlight accomplishments that are related to BME education and induction of ASEE BED members as fellows of related professional organizations (e.g., BMES, AIMBE). Seeing the teaching and career-related accomplishments of colleagues in education-focused roles has served as important inspiration for me over the years, and I hope it will do the same for you!

General Announcements

1. **ASEE Annual conference abstracts open today!** The 2025 Annual conference will be in Montreal, Quebec Canada on June 22-25. Consider submitting an abstract the BED. Abstracts open today and can be submitted here: <https://nemo.asee.org/public/conferences/344/registration/new>. The deadline is shifted this year compared to last year, and abstracts are due October 1st. See [the call for papers](#) from the Biomedical Engineering Division (BED).

Participate

1. **BEEC member spotlight series:** Watch the latest video on BEEC [member spotlight series](#), the first week of each month. There will be a chance to engage with the presenter and ask them questions on BEEC [Slack](#) channel the following week.
 - Know a new member of the Biomedical Engineering Education Community? Are you a new faculty member yourself? Nominate candidates to be on our next spotlight video [here](#).
2. **Register Now for BME-IDEA!** https://events.venturewell.org/bme_idea_2024

Join us for the Biomedical Engineering Innovation, Design, and Entrepreneurship Alliance (BME-IDEA) Meeting at Johns Hopkins University, which will be held over two days from October 22 to 23, 2024! This event will gather leaders in biomedical engineering to network and discuss innovation, design, and entrepreneurship in biomedical engineering education. Register now to be a part of these transformative discussions! We also invite you to submit your work for our special Snapshot Session or get feedback on new ideas through our Working Sessions.

Event Highlights:

- Day 1: Welcome Reception and Networking Dinner, Oct 22, 2024, 4:00-8:00 PM EST
- Day 2: Full-Day Workshop, Oct 23, 2024, 8:00 AM - 6:00 PM EST
- Registration Fee: \$100
- Location: John Hopkins University (Baltimore, Maryland)

For more details and to register, please visit our registration page.

3. **Survey Request: Need faculty perspectives on the impact of facilitating undergraduate research to themselves:** Drs. Courtney Faber (University at Buffalo) and Marian Kennedy (Clemson University) are conducting a study to investigate the impact of facilitating undergraduate research experiences on faculty. You are invited to participate in a 15-minute online survey if you are a tenured/tenure-track faculty member and have facilitated at least one undergraduate research experience in the last three years. This research experience can include any experience from having one undergraduate student conduct research in your group to facilitating an undergraduate research program. The results of this study will be used to begin understanding what activities are considered high impact practices and to inform future research programs.

- We would greatly appreciate your participation, and you can access the survey following this link: https://clemsn.ca1.qualtrics.com/jfe/form/SV_aeFqRZ6nOsPkQDk
- The survey will be open from August 12th, 2024 to September 18th, 2024.

3. **BE NSPIRE - Biomedical Engineering Network of Students and Post-docs in Research and Education:** **Mission** - A Biomedical Engineering Hub for Connecting Minds and Advancing Knowledge for Transformative Educational Experiences. We are a hub for students/post-docs to engage in research discussions, novel teaching practices, and networking opportunities in Biomedical Engineering. Our online forums, workshops, seminars, and collaborative initiatives will unite the next generation of Biomedical Engineering educators. Please [use this link](#) to join our Slack! If you have any further questions, concerns, or comments please contact: be.nspire0@gmail.com

Position Announcements

Note: We advertise positions that have a BME education focus to ensure relevance to our BED members. Advertisements may include the following: teaching-focused faculty (TT or NTT) or staff positions, TT positions at PUI or R2+ institutions that have a larger workload and emphasis on teaching, and TT positions that allow for educational

scholarship instead of traditional engineering research. If submitting a job posting, please ensure it meets these criteria.

1. The School of Biomedical Engineering at UBC is hiring an Assistant Professor of Teaching (tenure track position in the Educational Leadership stream). Appointment at the Associate Professor of Teaching with tenure with may be considered for an applicant of exceptional qualifications. The successful candidate will teach a range of Biomedical Engineering (BME) subject areas at both the undergraduate and graduate levels. This position is especially focused on curriculum development, including the creation of new undergraduate and graduate courses in a structured, course-based Master's program. We are also particularly looking for leadership in the development and implementation of short-duration, competency-based learning opportunities within micro-credentials and certificates. Example areas where these opportunities exist include biomanufacturing, bioprocessing, bioprinting and additive manufacturing, hydrogel biomaterials, advanced functional biomaterials.
 - Please forward to your departments or any candidates. Applications will be accepted until November 15, 2024.

Call for Newsletter Content

The ASEE BED bi-monthly newsletter is a place to share general announcements, open positions, BME education resources, Tidbits, etc. To send an announcement via the BED newsletter, please prepare a 2-3 paragraph description including any relevant URLs and contact info as well as a subject line. **Do not include any attachments.** Be sure that the announcement includes the person to contact with questions. Email all this information to Rachel Childers at childers.73@osu.edu with **[BED Announcement] in the subject line** to facilitate email sorting. Announcements will be sent out approximately on the 1st and 15th of each month. **Each set of announcements will be included in the newsletter twice.** Announcements will also be recorded on the BED website (<https://sites.asee.org/bed/>) and HUB (<https://aseehub.asee.org/groups/home/34#active-group-members>).

Rachel Childers, Ph.D.

Professional Practice Associate Professor & Director of Undergraduate Education

Department of Biomedical Engineering

Fontana Labs 4100B, 140 W 19th Ave., Columbus, Ohio 43210
