ABOUT DEED

WHO WE ARE:

The purpose of DEED is to share knowledge, learning and best-practice experience that improves the quality of engineering design education skills within our community.

OUR PRIMARY OBJECTIVES:

- Encourage the dissemination of new approaches and effective pedagogy in the area of engineering design education.
- Provide a forum to identify problems and needs in the area of engineering design education and explore the means to address

2021 ASEE Conference Call for Abstracts

Call for Abstracts will **open September 8 and close October 12**. More information will come in the September All the News InDEED. In addition, DEED is looking for volunteers to review abstracts and papers. Contact DEED Program Chair and Chair-Elect: Beshoy Morkos, bmorkos@uga.edu or Corey Schimpf, schimpf2@buffalo.edu.

In Other ASEE News:

ASEE Hub is the new communication tool for ASEE members to see and interact with their different divisions and ASEE. DEED will be using the ASEE Hub as pathway to its members to create discussion boards for topics related to DEED, distribute information via member emails, post All the News InDEED monthly newsletters and general information important to the DEED members. The discussion boards will have a new topic will be posted by the 1st Friday of every month starting in September by a DEED board member. If you have a topic you would like to post, please contact Bob Rhoads, rhoads.2@osu.edu. ASEE members can log into the ASEE Hub at: <https://aseehub.asee.org/home> with your ASEE login .

Position Announcement:

Visiting Assistant Professor in Introduction to Engineering and Design at New York University Tandon School of Engineering

NYU is currently hiring for a Visiting Faculty in Introduction to Engineering and Design: <https://apply.interfolio.com/77323>. We are inviting applications for a full time position with a start date of September 1, 2020. Given the time sensitivity we hope to expedite the recruitment process. EG 1003 is a multidisciplinary first-year engineering course that is required for all engineering majors at NYU Tandon. This course is team taught by a group of faculty who are supported by a large team of teaching assistants. We are looking for exceptional candidates with experience in engineering education or the engineering profession interested in supporting a diverse student body. Learn more and apply to join our team here: <https://apply.interfolio.com/77323>. If you have any questions, please reach out to Jack Bringardner at jack.bringardner@nyu.edu
