

September 2024 DEED Newsletter

DEED Members,

We are now in the new season to sprint towards the 2025 Annual Conference, June 22-25, Montreal, Canada. We would like lots of authors and even more reviewers to help turn out high quality papers to share the knowledge in DEED.

Thank you to our former DEED Chair Corey Schimpf for your leadership and service!!

PORTLAND 2024

Portland was a great success, I attended a great Workshop, Distinguished Lecture, excellent DEED sessions and really enjoyed the city. Thank you to Program Chair Sam Dickerson and all those that helped with reviewing and organizing!!

Best Paper Winner: Course Design Thinking: Toward an Integrated Framework of Empathy for Users among Engineering Student Designers - Nicholas D. Fila, Justin L. Hess, Elizabeth Sanders, Corey T. Schimpf

[DEED 2024-2025 Officers](#) - Thank you to all of those who want to participate to keep DEED a success. If you have any ideas for ways to improve please reach out to one of the officers.

MONTREAL 2025

From the Program Chair - Lisa Kames (ekames@floridapoly.edu)

- Abstracts are open! Abstracts are due **October 1st**.
- Abstract Accept/Reject deadline November 1st.
- The [call for papers](#) is available on the [DEED website](#).
- The author's kit is available [here](#).
- Reviewers have been requested. There is a glitch in the system that is causing the reviewer's email addresses to be duplicated on the invite, resulting in the inability to accept the invitation. If you have received a request to review and are unable to accept, please contact ekames@floridapoly.edu. As a reminder, in addition to the ASEE "Publish to Present" requirements, DEED requires the support of its authors in "Review to Publish" at both the abstract and manuscript stages.
- The workshop session requests open October 1st. PICs are reviewing the workshop application process and additional information will be sent out closer to the deadline.

DEED Announcements for September 2024

Event Announcements

1. **EVENT ANNOUNCEMENT: Purdue University School of Engineering Education Graduate Programs 2024 OPEN HOUSE**

Purdue School of Engineering Education's (ENE) Graduate Programs is hosting a two-day open house October 3-4, 2024, to bring together individuals from all walks of life, including undergraduate and graduate students from many disciplines as well as professional engineers ready to make a career change. During the event, you will be able to attend a presentation detailing the Ph.D. in Engineering Education and available funding; meet one-on-one with faculty; attend a seminar that is part of ENE's weekly Research Seminar Series; network with faculty and doctoral students; and attend group presentations on ENE's research labs. Travel funds are available (up to \$1,000) for on-campus open house attendees. For those who cannot travel to campus, we offer an online panel on September 27, 2024. For registration please see:

<https://engineering.purdue.edu/ENE/Academics/Graduate/openhouse>.

To send an announcement to the DEED listserv, please prepare a brief description and include any relevant URLs (such as for job postings or conferences). Be sure that the announcement includes a contact person for any questions. Submit all this information to Jeremy Edmondson (jedmond2@ncsu.edu). Announcements will be sent out on the 15th of each month. Submissions 48 hours before these dates will be guaranteed to be included in announcements.
