

SPONSORSHIP AND ADVERTISING OPPORTUNITIES

14th Annual First-Year Engineering Experience Conference

July 30 – August 1, 2023, at the University of Tennessee, Knoxville, TN

Conference Overview:

Over 200 academic and industry representatives are expected at this event to discuss and share relevant topics on the first-year engineering experience. Participants include college deans, department chairs, student service professionals, advisors, faculty in engineering and engineering technology, K-12 teachers, and industry leaders from across the country. Participants of FYEE come together to share and expand their knowledge and discuss a wide range of topics related to the first-year engineering experience.

The success of the FYEE conference relies on the generosity of individual donors and partners. Sponsorship helps subsidize the cost of many aspects of the event, including meal functions and special events. As a sponsor or advertiser, you will have the opportunity to reach your target market and maximize your brand awareness with academic and industry professionals from across the country. Donations will be recognized on the conference website and throughout the conference according to the sponsorship level noted on the next page.

Check <https://sites.asee.org/fyee/> for up to date information about the conference.
