

Engineering Libraries

Division Newsletter

May 2001

Chair's Message

June is nearly here and I am eagerly looking forward to the trip to Albuquerque. Not only is it a chance to learn about the latest innovations and ideas in our field but an opportunity to mingle with colleagues and friends (and eat burritos). It is also an opportunity to participate in setting goals for future activities of the division. As we consider the development of a long range plan for the ELD, your input will be required. Several suggestions have already come forward via ELDNET-L and others are welcome. If you have thoughts or ideas on the role of the Engineering Libraries Division or about how the ELD could serve you better, please let me or Mel know. It has been a pleasure serving as the Chair of the Division this year and I look forward to seeing you all in Albuquerque.

Linda Musser
Chair

Annual Report of the ELD Chair

Outreach is a theme I hear a lot on campus these days and it could have been the theme of the Engineering Libraries Division this year as well. We have or are reaching out to ...

- ◆ The Center for Research Libraries regarding ways for that institution to better serve our members,
- ◆ ASEE headquarters with our resolution on information literacy and suggestions to promote membership and meeting attendance,
- ◆ Library schools through the establishment of the ELD Speakers Bureau,
- ◆ JSTOR by establishing a Task Force to make recommendations regarding the most useful engineering titles to digitize,

- ◆ ACRL/STS by having the Accreditation & Standards Committee explore opportunities to collaborate on statistics and surveys,
- ◆ Related sci-tech library organizations through the creation of the liaisons program,
- ◆ Our members by exploring ways to provide mentoring opportunities with the Mentoring Task Force.

I also asked all officers and committee chairs to review the descriptions of their duties in the bylaws and job descriptions. While the Bylaws were fine, a few other revisions were necessary. ASEE Headquarters made some changes in how the Best Papers are selected, which also required changes.

One of the pleasures of being Chair is the opportunity to officially acknowledge and thank all those members who devote so much time, energy and enthusiasm to the Division. To that end I spent some time determining the terms of appointment of all our committee chairs (a long-serving bunch!) in order to ensure that they receive proper acknowledgement of their efforts on behalf of the Division.

Linda Musser
Chair

News from the Program Chair

(Editor's Note: There is a complete schedule of ELD conference events at the end of the newsletter, prepared by Mel DeSart.)

Calling All Volunteers!

As the Material Girl would say, "It's time to EXPRESS YOURSELF!" and let the Extended Executive Committee know if you are interested in serving on any of the committees or as an officer in the

Division. There are big jobs and little jobs, solo jobs and group jobs... You name it and we've got it! Take a look at the ELD web site (<http://www.englib.cornell.edu/eld/officers.html>) and pick out the perfect role for yourself!

Linda Musser, ASEE/ELD Chair

Speaking of Volunteering...

Tom Conkling, Newsletter Editor, would like to turn this job over to another ELD member before the next issue is published in September. The Editor's duties are straightforward and not very time-consuming, and it's a great way to stay in touch with colleagues. The job is appropriate for both new members and long-time ones. If you are interested in this opportunity, please contact Linda Musser (lrm4@psu.edu, 814-863-7073).

New Member Bios

Robert Heyer-Gray has been the Engineering Librarian in the Physical Sciences & Engineering Library at the University of California, Davis campus since July 1999. His primary duties include reference, collection development, instruction and liaison activities in the areas of Chemical Engineering and Materials Science, Civil Engineering, Electrical and Computer Engineering, Mechanical and Aerospace Engineering, Biological and Agricultural Engineering, and Biomedical Engineering. Prior to coming to UC Davis, Bob had 6 years of professional library experience at the University of Missouri-Rolla, where for the last two years he was Head of the Reference Department. Before becoming a professional librarian, he worked for nearly six years in the Interlibrary Loan/Borrowing offices of the University of California, Berkeley campus. Bob has a BA in German and an MLS, both from the University of California, Berkeley.

Tom Turner is the new Engineering Librarian for Arizona State University. (A second engineering librarian will be hired later this year to fill the vacancy of Gordon Dutrisac, who is now with the University of Washington Libraries.) Turner continues as the Patent and Trademark Librarian for ASU's Noble Science and Engineering Library, the only U.S. Patent and Trademark Depository Library in Arizona. From 1998 to 1999, Turner represented ASU as a Library Fellow for the U.S. Patent and Trademark Office's Depository Library Program in Arlington, Virginia. Before coming to Tempe and ASU five years ago, Turner was

the librarian for the Skidaway Institute of Oceanography on Skidaway Island near Savannah, Georgia for ten years. Turner is currently active in the Special Libraries Association, where he is the program chair for the Biomedical and Life Sciences Division for the SLA 2000 Annual Conference in San Antonio. Turner is a former teacher and a 1984 graduate from Louisiana State University's School of Library and Information Science.

People & Places

Tom De Petro of Texas A&M University attended the ASEE Gulf-Southwest Section 2001 Annual Conference there in College Station in March. He gave a presentation titled "Engineering Education Journals and Proceedings: Increasing Access and Awareness." Last fall he proposed recruiting library school students to the ASEE student group at the University of Texas at Austin (and to ELD!). Any other recruiters/lateral thinkers out there can contact him about this at tdp@tamu.edu.

Nestor L. Osorio, Science-Engineering Librarian at Northern Illinois University Libraries was promoted to the rank of Professor.

Poster Session Preview

Aviation Technology: A Case Study in Systematically Building Collections

Purdue University Libraries received a gift in 2000 for materials to support the School of Technology's Aviation Technology Department and the School of Aeronautics and Astronautics. The gift will be spent over the next ten years. The poster session outlines methods used to enrich the library collections. Library staff members have used a variety of collection development methods to identify materials. These include: a) analysis of relevant call numbers for possible approval plans; b) identification of books in the present collection with high circulations to determine possible publishers; c) examination of strengths and weaknesses of present collections; d) study of the curriculum; e) search of faculty "favorite topics" in subject related-databases, Worldcat, and library catalogs; f) scan of publishers' web sites; g) requests from faculty members and professional colleagues and h) suggestions from professional library colleagues. The poster session presents a progress report of the successes, failures, time constraints of various methods.

Charlotte A. Erdmann

Call for Liaisons!

As part of an effort to build coalitions and reach out to similar organizations, the ELD is starting a liaison program. We are looking for volunteers who already have ties to these organizations who would be willing to report on activities and represent the views of the ELD to these organizations. If you are interested in becoming a liaison, please contact Linda Musser, ELD Chair, at Lrm4@psu.edu. Liaisons will be appointed at the annual meeting, however, your attendance is not required. For more information about being a liaison, see the program description in this newsletter.

New Liaison Program Proposed

The ELD leadership will bring the proposal to establish a liaison program, described below, to the floor at the annual business meeting in June.

The Engineering Libraries Division of ELD appoints liaisons to related library and engineering associations for the purpose of:

- improving awareness of issues of importance to the ELD members,
- increasing the visibility of the ELD,
- representing the views of the ELD to those organizations, and
- increasing collaborative opportunities with related organizations.

The liaison will be responsible for participating in the activities of both the ELD and their appointed society. The liaison will report news to the ELD membership via the listserv and newsletter and will be required to submit an annual report of activities in the ELD newsletter. ELD liaisons will receive a complementary ticket to the ELD Banquet at the annual meeting.

Liaisons will be appointed to a one (1) year term, which will run from January to December, at the annual meeting in June of each year.

Eligibility: Only ELD members are eligible to be liaisons

Selection process: Interested ELD members should submit their name to the Chair of the division. Liaisons will be selected by vote of the Executive

Committee of ELD. The Chair will call for volunteers in the Spring.

Library News

EARTH AND MINERAL SCIENCES LIBRARY RECEIVES MILLION-DOLLAR ENDOWMENT, NEW NAME

Penn State's Earth and Mineral Sciences Library will benefit from a \$1 million endowment created by University alumni George and Sherry Petska Middlemas to support acquisitions and enhance programming. The donors are longtime supporters of the University Libraries. Penn State will name the library, in recognition of the Middlemas' generous support, the Fletcher L. Byrom Earth and Mineral Sciences Library. "Fletch" Byrom served as a mentor to George Middlemas, and the naming came at the donors' request.

Preliminary Annual Business Meeting Agenda (5/4/01)

Here is the preliminary annual meeting agenda. Please send Linda Musser (Lrm4@psu.edu) any additions for the agenda.

Approval of Annual Business Meeting Minutes from June 20, 2000

COMMITTEE AND OFFICER REPORTS

(only those with updates to their annual reports need speak)

Program report - Mel DeSart
Banquet Update - Leslie Reynolds
Treasurer's Report - Gretchen Sneff

Union List of Technical Reports, Standards, and Patents in Engineering Libraries - Mary Schlembach

Publications - Godlind Johnson
Nominating Committee - Sheila Curl
Newsletter - Tom Conkling
Mentoring Task Force - Jay Bhatt
Membership Directory Editor - Andy Stewart
Membership - Glee Willis

NEW BUSINESS

Annual Reports from Officers and Committee Chairs, 2000-2001

Accreditation and Standards

Members reviewed a draft document on Information Competencies for Engineers and suggested changes. Currently they are in process of drafting outcomes for the competencies.

Karen Andrews
Chair, Accreditation and Standards

Archives

There were two requests this year for information from the archives. One was for background information on Homer Bernhardt, specifically, who Homer was and why the ELD's major award was named for him. The other request was the original date of appointment of an ELD member as chair of a particular committee. Answers to both requests were obtained from the files.

Don Richardson
ELD Archivist

Awards

The ELD Award Committee is pleased to announce that the 2001 Homer I. Bernhardt Distinguished Service Award will be presented to William Mischo, Engineering Librarian and Head of the Grainger

Engineering Library at the University of Illinois. Bill's achievements in the profession: as a leader in digital library initiatives, as a mentor beyond compare and as a well-rounded researcher and author, have made him a very visible asset to Engineering Librarianship.

“To the rest of the library world, the name “Bill Mischo” is synonymous with engineering librarianship; to his colleagues and friends it evokes admiration and respect.”

The 2001 Best Paper Award goes to Ari Cohen for his article “ESL: Engineering Societies Library: End of a Special Library.” This article was published in Science and Technology Libraries, Vol. 19 No.1 (2000). Mr. Cohen is Assistant Professor and Head of Cataloging at Long Island University.

The Best Reference Award for 2001 goes to ENgnetBase, a collection of full text handbooks published by CRC Press. This product aggregates and provides electronic, web-based access to engineering data from one of the most reputable publishers. It is produced by CRC Press.

This has been a rewarding year for the committee and we look forward to seeing you all in June.

Suzanne T. Weiner
Chair, Awards Committee

ELD Directory of Members

The ELD Directory of Members was again Web-published in 2000. Precise procedural information and work flows have yet to be worked out for adding new members and deleting entries for individuals who are no longer paid ELD and/or ASEE members. Substantial problems were encountered converting a MSWord file into an Adobe Acrobat file. (At least one display error remains in the current version, which may be viewed at www.umn.edu/~astewart/asee/ELDDIR2000c.pdf; the URL is case-sensitive.) Additionally, at least once, the directory URL was inaccessible for an unknown period of time; when notified, I was able to establish access very quickly. (If you ever have trouble getting to the Directory, please let me know as soon as practicable. Corrections for individual entries may also be made at any time by contacting me.)

Access statistics were begun during the year using TheCounter.com. While usage seems relatively low (and the number of attempts to connect while the site

was inaccessible are unknown), the Directory appears to be a valuable resource for ELD members. TheCounter reports 78 unique visits and 121 total visits. Further detail of access statistics is available upon request from the Editor.

Finally, no ELD expenses were incurred to produce and distribute the directory this year.

Andy Stewart
Directory Editor

Electronic Discussion List(s)

List subscriber statistics for both ELDNET-L and ELD-L (as of late April / early May for each year):

ELDNET-L

Start-up (August 1991): 62
1991/92: 119
1992/93: 187
1993/94: 314
1994/95: 436
1995/96: 477
1996/97: 464
1997/98: 428
1998/99: 423
1999/00: 392
2000/01: 396

ELD-L

Start-up (September 1998): 169
1998/99: 174
1999/00: 164
2000/01: 167

As predicted in a previous annual report, the number of ELDNET-L subscribers finally seems to be stabilizing. I anticipate that this subscriber base will not vary appreciably over the next few years.

For ELD-L, the number of ELD members with e-mail addresses directly determines the number of subscribers to the list. Given that a number of retirees retain their ELD memberships but do not have ready e-mail access, the number of ELD-L subscribers will continue to be somewhat lower than the number of total ELD members for the foreseeable future.

I'm hoping to see an increase in the use of ELD-L in the coming year. Changes in the Division's by-laws make it easier for Division members, committees and officers to conduct at least preliminary

discussion of issues and Division business electronically, which would then lead to more formal actions, such as votes, which would still take place at the annual business meeting.

As listed in last year's annual report but not completed, a project I hope to accomplish during the coming year is to inform every ELDNET-L and ELD-L subscriber of the address under which they are subscribed to each list, with a goal of updating those addresses to more current versions when appropriate. I still spend a significant amount of time unsubscribing and resubscribing individuals whose old addresses or "forwards" from old to new addresses finally go bad.

Mel DeSart
ELD e-lists editor

Membership Committee

As of May 1, 2001, the ELD roster from ASEE headquarters again lists 185 members from all over the world; holding steady since 1998. This year we have 11 members from Canada (1 more than last year), one each from Argentina, Jamaica, New Zealand, The Netherlands, Portugal, and Puerto Rico. The state with the most ELD members is (not surprisingly) California, with a grand total of 27. We have not let up on our recruiting efforts, but there is always room for improvement along these lines. This was the first year that we used a web page as our virtual "invitation to join". Please see:

<http://www.delamare.unr.edu/glee/eldjoin.htm>

The overarching goals continue to be: recruiting every last academic engineering librarian throughout the world into our midst(!); and ensuring that every academic librarian who is involved in engineering or computer science librarianship who wishes to receive the benefits of ELD membership is informed of the opportunity to do so.

Deborah Kegel (west coast), Joanne Goode (middle coast), and Eileen Dorschner (east coast) are the current regional biographers of new ELD members in the Division's newsletter.

2000/01 Membership Committee Members: Eileen Dorschner (New Member Bios), Norma Godavari (Canadian Liaison), Joanne Goode (New Member Bios), Deborah Kegel (New Member Bios), Andy Stewart (Membership Directory Editor), F. Orion Pozo (Chief Scout), and Glee Willis (Chair)

Glee Willis, Chair, Membership

Mentoring Task Force

Since the establishment of the Mentoring Task Force in December 2000, the members were mainly interested in creating a survey questionnaire for all members of the ELD group of ASEE. As of this writing, a draft has been emailed to all members of the Task Force for evaluation, suggestions and feedback. One important aspect of this survey is to identify members with expertise in speciality areas such as patents, technical reports and electronic theses, etc. ELD members can then be able to contact these experts for possible assistance. The ultimate goal of this will be to promote networking and professional growth of our members.

During the last ALA midwinter conference in Washington D.C., with Linda Martinez's recommendation, I participated in a panel discussion on mentoring in Science and Technology Libraries. The recent issue of Issues in Science and Technology Librarianship has an article by Bryna Coonin (co-Chair of the General Discussion Group of the Science and Technology Section of ALA/ACRL) about the conference report. See <http://www.library.ucsb.edu/istl/01-winter/conf1.html>.

Coincidentally, it also supports the proposed partnering between ASEE/ELD and ACRL/STS. See the section on Chair's Message of the December 1999 newsletter at <http://www.englilb.cornell.edu/eld/newsletter/dec99.html>

Jay Bhatt
Chair, Mentoring Task Force

Newsletter

Four issues of the ELD Newsletter were produced and distributed electronically this year, at no cost to the Division.

Tom Conkling
Newsletter Editor

Publications

"Selective Guide to the Literature of Nuclear Engineering", compiled by Terry Lee, was published earlier this year.

Andy Shimp, Co-chair of the Literature Guides Subcommittee, arranged for four papers to be reviewed for publication in the ASEE Conference Proceedings.

At least three new guides may be expected to be completed during the next year: "Biomedical Engineering", "Industrial Ergonomics", and "Environmental/Pollution Engineering".

Ann Morgan and Andy Shimp, co-chairs of the Subcommittee on Literature Guides are always looking for compilers of new guides, ideas for topics for new guides, and for additional members for the Subcommittee. Current members of the Subcommittee are: Vladimir Borovansky, Gordon Dutrisac, Paige Gibbs, Michaelyn Haslam, Christie Hightower, Nestor Osorio, Ron Rodrigues, Sandy Lewis, and Carol Robinson.

Godlind Johnson
Chair, Publications Committee

Website

The ASEE Engineering Libraries Division website continues to be located at <http://www.englilb.cornell.edu/eld/>. It contains meeting minutes, conference information, list of officers, bylaws and officer job descriptions, awards and award recipients, FAQs, listserv information, the duplicates exchange, and publications, including the ELD newsletters and information on Literature Guides. ASEE links to our pages from theirs - after several requests a redirect link has been made from <http://www.asee.org/members/divisions/eld>, which is easier for our members to remember.

I appreciate your efforts in helping me keep these pages up-to-date by sending me contributions and changes. I strive to make these updates as soon as possible after receiving them.

Jill Powell
ELD Webmaster

Secretary/Treasurer Annual Report

The ASEE fiscal year runs October through September. Below are summaries of our fiscal year 2000 BASS & Operating Accounts & a second quarter report on fiscal year 2001.

FY 2000

ELD Operating budget summary FY 2000 (Oct 1999 - Sept 2000)

The Operating Account is replenished annually by Headquarters & funds cannot be carried over from year to year.

	<u>Debits</u>	<u>Balance</u>
Allotment		\$ 715.06
Program chair expenses	140.00	
Totals		\$ 575.06

ELD BASS budget summary FY 2000 (Oct 1999 - Sept 2000):

BASS stands for Banking and Accounting Services System. The BASS account contains the accumulated funds of the Division. These funds are carried over from year to year and earn interest.

	<u>Credits</u>	<u>Debits</u>	<u>Balance</u>
Beginning balance			\$ 7,962.91
Membership and Division dues*	1,885.00*		
Interest	202.68		
Donation	500.00		
On-site ticket purchases	2,815.00		
Royalty income**		103.80**	
AV costs at annual meeting		880.00	
Officer expenses at annual meeting		2,914.96	
Totals	\$ 5,402.68	\$ 3,898.76	\$ 9,466.83

notes:

*1885.00 Membership & Div dues amount included a \$1000 donation. Corrected in FY 2001. \$1000 moved out of dues category into 'other.' See below.

**103.80 debited. Corrected FY2001 - royalty credit \$207.60. See below.

2001

Operating Budget summary FY 2001 Quarter 2. (October 2000 - March 31, 2001)

The Operating Account is replenished annually by Headquarters & funds cannot be carried over from year to year.

	<u>Debits</u>	<u>Balance</u>
Allotment		\$715.06
	0.00	
Totals		\$715.06

ELD BASS budget summary for FY 2001 quarter 2 (October 2000 - March 31, 2001)

BASS stands for Banking and Accounting Services System. The BASS account contains the accumulated funds of the Division. These funds are carried over from year to year & do earn interest.

	<u>Credits</u>	<u>Debits</u>	<u>Balance</u>
Beginning balance			\$9,466.83
Membership & Div dues Oct-Mar	460.00		

Membership & Div dues (FY00 corr)*	1,000.00*		
Donation correction (FY2000 corr)*		1000.00*	
Sales royalty for fy 1999**	207.60**		
Sales royalty for fy 2000	97.10		
Interest Dec00 & Mar01	112.92		
Totals	\$1,877.62	\$1,000.00	\$10,344.45

notes:

*\$1000.00 donation in FY 2000 debited from Membership & Division dues to 'other' category. See FY 2000 summary above.

**1999 sales royalties of 103.80 had been debited in FY2000 & is corrected here. See FY 2000 summary above.

Gretchen Sneff
 ELD Secretary/Treasurer

ELD Program and other activities for ASEE 2001

ACC = Albuquerque Convention Center.

Session numbers (always) and locations (most of the time) appear in parentheses.

SATURDAY, JUNE 23rd

6:45 p.m. - whenever

Saturday night with the "early birds". Meet in the lobby of the Hyatt Regency (330 Tijeras NW). Group(s) to depart at 7:00 for place(s) to be determined (at least one will be a brewpub with food – suggestions for others are welcome).

SUNDAY, JUNE 24th

10:30 - noon

ELD Extended Executive Committee meeting 1 (0341) Hyatt – Enchantment B

1:00 - 5:00

Two CUEBALLS' organized trips, both scheduled to depart at 1:00-ish from the Convention Center near where the bus drop-off/pick-up point is (and no, I don't know exactly where THAT is yet). More info about both trips (and any possible additions) will appear on ELDNET-L prior to the conference.

1. Sandia Peak Tramway – Glee Willis coordinating (willis@unr.edu)
2. Petroglyph National Monument – Bruce Neville coordinating (bneville@unm.edu)

6:00 – 10:00

ASEE Society-Wide Picnic (0705) National Atomic Museum – Kirtland AFB

MONDAY, JUNE 25TH

8:30 – 10:15

Main Plenary. Speaker – Dean Kamen (ACC – Kiva Auditorium)

10:30 – noon

Get Acquainted Session (1341) Honora Nerz, moderator (ACC – Pecos)

12:30 – 2:00

E-journals: Impacts and Possibilities (1441) Anneliese Taylor, moderator (ACC – Pecos)

“Taking Off the Training Wheels: the Migration from Print Journals to E-journals at the University of Arizona” – Maliaca Strom-Oxnam, University of Arizona

“Creating Congruence Between Consortial Goals and Emerging Initiatives in Scholarly Publishing” – Margaret Landesman, University of Utah and Johann van Reenen, University of New Mexico

“Helping to Level the Playing Field: The Impact of Digital Technologies on Large and Small Journal Publishers” – Stephen R. Smith, American Institute of Chemical Engineers

2:30 – 4:15

ELD Poster Session (1541) Kate Lee, moderator (ACC – Exhibit Hall)

“Evaluating Journal Aggregators: A Preliminary Investigation Using EBSCO Online” – Bob Heyer-Grey, University of California – Davis

“Aviation Technology: A Case Study in Systematically Building Collections” – Charlotte Erdmann, Purdue University

“Planning a Center for Information Literacy in Science and Engineering” – Jean McKenzie, University of California – Berkeley

“Where Have All The Users Gone?” – Jill Powell, Cornell University

“Introducing the National Science Digital Library (NSDL) Program and the “Site for Science”” – John Saylor, Cornell University

“Barcelona, Spain: The logistics of teaching in an international setting” – Larry Thompson, Virginia Tech

“An analysis of two leading journals in engineering education” – Nestor Osorio, Northern Illinois University

“Library service to distance learners - technical programs” – Pat Johnston, Georgia Tech

“There is Such a Thing as a Free Lunch: Freely Accessible Databases for the Public” – Sandy Lewis, University of California – Santa Barbara

“Standards on Demand!!” – Tamika Barnes, North Carolina State University

“Issues in Managing the Transition to an All Online Journal Collection” – Deborah Kegel, University of California – San Diego

“Shelfless in Seattle: Lessons Learned from the February 2001 Nisqually Earthquake” – Linda Whang, University of Washington

“AskWendt Live! Reference Assistance from a Distance” – Amy Kindschi, University of Wisconsin - Madison

4:30 – 6:00

Collection Issues Forum (1641) Andy Shimp, moderator (ACC – Ruidoso)

Discussion of the IEEE University Partnership Program and other topics of current interest.

6:15 – 10:00

Tour of UNM Centennial Science and Engineering Library, followed by ELD new members / first time attendees reception. (1741) Tour at Centennial Library, reception at Zimmerman Library, Willard Room.

Bus transportation and refreshments provided. Board outside ACC, exact location to be determined. Bus will make two initial trips, one leaving around 6:20 and the second around 6:45 or so.

TUESDAY, JUNE 26TH

8:30 – 10:15

ELD Technical Papers Session (2241) Larry Thompson, moderator (ACC – La Cienega)

“Information Competencies: A Strategic Approach” – Honora Nerz and Suzanne Weiner, North Carolina State University

“Information Literacy for First-Year Engineering Students and Learning Communities Program at IUPUI” – May Montaser Jafari, Indiana University / Purdue University at Indianapolis

“Building Collections and Services to Support New Engineering Programs: Challenges of the Digital Era” – Ibironke Lawal, Virginia Commonwealth University

10:30 – noon

Innovations and Ideas Forum: Fundraising Success Stories and Strategies (2341) Carol Szambelan, moderator (ACC – La Cienega)

Speakers: William H. Mischo, University of Illinois at Urbana-Champaign; Lisa G. Dunn, Colorado School of Mines; Carol A. Szambelan, Notre Dame University.

12:30 – 2:00

Distance Education: Strategies and Plans (2441) Suzanne Weiner, moderator (ACC – La Cienega)

Speakers / panelists: Barton Lessin, Wayne State University; Josh Boyer, North Carolina State University; Najwa Hanel, University of Southern California

4:30 – 6:00

ELD Annual Business Meeting (2641) Linda Musser presiding (ACC – Cimmaron)

Open to ALL ELD members, and ALL are encouraged to attend (that’s a hint).

6:30 - ???

ELD Annual Banquet (2741) Leslie Reynolds, coordinator (Sadie’s Cocinita) Bus transportation provided, leaving from the ACC at 6:15 and 6:40.

WEDNESDAY, JUNE 27TH

8:30 – 10:15

Marketing the Engineering Library (3241) Beth Brin, moderator (ACC – Taos)

“Librarians, Marketing, and Relationship Management: Setting the Stage” – Aline Soules, University of Michigan

“So Close but Yet So Far: Meeting the Challenge of Marketing Library and Information Services at Caltech” – Hema Ramachandran, California Institute of Technology

“Practical Planning Lessons: Using Interaction With Faculty To Gain Support For Library Instruction and Funding” – Frank Elliott, University of Minnesota

10:30 – noon

ELD Extended Executive Committee meeting 2 (no session number) Mel DeSart (ACC – Taos)

Choice of three mini-plenaries in the ACC, for non-EEC members

12:30 – 2:00

Transforming Scientific Communication (3441) Steve Gass, moderator (ACC – Taos)

“Creating a Global Knowledge Network” – Paul Ginsparg, Los Alamos National Labs
“Scholar-fed Experiments at the California Digital Library” – Catherine Candee, University of California
“Sharing What We Know: DSpace at MIT” – Eric Celeste, Massachusetts Institute of Technology

2:30 – 4:15

ELD Professional Issues Forum (3541) Mark Shelton, moderator (ACC – Taos)

6:45 - whenever

Wednesday night is “Leftovers” night. Meet in the lobby of the Hyatt Regency (330 Tijeras NW). Group(s) to depart at 7:00 for place(s) to be determined.

Mel DeSart, Program Chair
