2023 ASEE Annual Conference

Engineering Library Division

Call for Lightning Talks

Do you or your library or organization have an exciting new project, program, partnership, or tool that you would like to share with your fellow ELD members? If so, please consider proposing a Lightning Talk for the 2023 ASEE Annual Conference in Baltimore, MD. There will be one Lightning Talk session on Monday, June 26, 1:30 – 3 PM.

What is a Lightning Talk? A Lightning Talk is a very short presentation on a timely topic of interest to the audience. This year, we are hoping for a variety of talks on any topic including but not limited to:

- Digital initiatives
- Innovative projects, programs or services
- New partnerships
- New technology, tools or products

Each Member Talk is 3 minutes, and each Sponsor Talk is 1 minute. The main goals are to learn about what our peers and sponsors are currently working on, and to generate discussions during the session and over the course of the conference.

Your proposal should include:

- Your name, email, title and organization
- Title of talk
- Type of talk (Member or Sponsor)
- Brief description of your talk (no more than 100 words)

Submit your proposals to: https://forms.gle/QFJ4KTZ5gC7SZxqt8 by Friday, May 19.

There are a limited number of presentation slots. Presenters are required to attend the ASEE conference in person, to be around to do your presentation and answer questions after the presentation.

If you have questions, please contact us if you have questions about:

Member Talks: Marina Zhang (qianjin-zhang@uiowa.edu)

Sponsor Talks: Kelly Durkin Ruth (durkinru@usna.edu)

Thank you,

Marina Zhang and Kelly Durkin Ruth
