Hello PCEE members,

I hope that each of you is doing well, as the holiday season seems like it is already in full swing.

Here is a quick update about the Pre-College Engineering Education Division of ASEE.

We hope that you will join us in Maryland (June 25-28, 2023) for the ASEE Conference.

6. Share your **Engineering Education story!**

Submit a short (1-2 pages) write-up about something that you are doing with engineering education. Contact Erica Marti (erica.marti@unlv.edu) and submit a story today, and you can include pictures too.

7. **Other Announcements:**

- a. The PIC Bylaws amendment vote passed with over 2/3 majority. The change will potentially allow for more productive PIC Business Meetings by moving them to a more advantageous time during the conference year, and at the very least result in one less business meeting to attend while at the Annual Conference.
- b. As you most likely have seen, budget issues are occurring, and more updates will be coming as soon as the leadership team understands the ramifications for PCEE.

Let us know what information you need or if you want to be a bigger part of PCEE!

Take care and thank you for all that you do with engineering education.

Andrea

Chair, PCEE Division of ASEE
