

Leading engineering education into the 21st century... The Pacific Southwest Section, a division of the American Society for Engineering Education (ASEE), is a nonprofit organization of individuals, institutions, and companies dedicated to improving all aspects of engineering education.

American Society of Engineering Education PACIFIC SOUTHWEST SECTION **1998 Faculty Awards Report**

The Awards Committee included the 1997 award recipients: Chandra Brahma from Fresno State, Bob Stevenson from East Los Angeles College, and Linda Vanasupa from Cal Poly-San Luis Obispo. Irvin Drew from El Camino College (Vice Chair, Community Colleges) participated in the selection of the Outstanding Community College Educator Award.

The committee received the nominations and excerpts from the Awards Nomination Information pamphlet via U.S. mail. We used e-mail as the primary means of communication. After each committee member reviewed the nominations, he/she e-mailed or (regular mailed) me his/her vote for each category. The single nominee for the DOW Award was not eligible for the award because he was in a field outside of the chemical industry. Kimberly Odgen was selected for Outstanding Teaching Award and Keith Level was selected for the Outstanding Community College Educator Award.

DOW Outstanding New Faculty Award

<u>Nominee</u>	<u>Nominator</u>
Mohamed S. Kaseko, UNLV	Edward Neumann, UNLV

ASEE-PSW Outstanding Teaching Award

<u>Nominee</u>	<u>Nominator</u>
