

## ASEE Southeastern Section Conference 2021 Collaboration Within and Without Call for Proposals - Roundtable and Actives

The ASEE Southeastern Section is pleased to invite proposals for Roundtable and Actives to be held in conjunction with the 2021 conference. This year the conference is meeting virtually Monday-Thursday, March 8-12 from 12:30 – 5pm ET. The Roundtables and Actives take place from 3:00 pm to 4:00 pm each day of the conference. The theme of this year's conference is *Collaboration Within and Without* and it is desired that Roundtables and Actives foster collaboration and learning among participants. Specifically, it is desired that

- **Roundtables** foster discussion between participants about topics of importance and interest to engineering and engineering technology educators now and in the future.
- **Actives** share and initiate practice of innovations in teaching and technology use that help improve student participation and learning and instructor communication.

The end goal of these sessions are lively exchanges of strategies and ideas, inspiring us all to be more innovative and resourceful educators.

### Proposal Submission Guidelines

If you have a suggestion for a discussion topic (a Roundtable) or an innovation to increase student learning or instructor communication (an Active) you can submit an abstract to host a 1hour Roundtable/Active at <http://se.asee.org/Conference/Default.htm>. The abstract should be no more than 350 words and should include

- Session title
- Host name(s) and affiliation
- Session goals
- Brief description of engagement topic and interactive activity
- Required technology and/or software needs for participants
- Date(s) you absolutely CANNOT host the Roundtable/Active

If you have any questions about this proposal you should contact David Calamas at [dcalamas@georgiasouthern.edu](mailto:dcalamas@georgiasouthern.edu).

### Important Dates

- **Abstract Due Date:** Monday January 25th
- **Abstract Acceptance Feedback:** Wednesday Feb 3rd
