

ASEE Southeastern Section Conference

March 13-15, 2022
The Citadel, Charleston, SC

Call for Workshop Proposals

The ASEE Southeastern Section is pleased to invite proposals for workshops to be held in conjunction with the 2022 conference. The theme of this year's conference is "Educating Principled Engineering Leaders of Tomorrow", but workshops can cover any topic of interest to collegiate engineering and high school STEM educators.

The High School Educator workshops will take place on Saturday, 12 March 2022. These workshops will target topics of interest to high school educators in all STEM fields. These sessions aim to help these educators to better prepare students to enter and succeed in collegiate engineering academic programs and beyond. Workshop proposals selection will aim to minimize registration fees for our public-school partners.

Engineering Educator workshops will take place on Sunday, 13 March 2022 and will be geared towards topics of interest to all collegiate engineering educators. These workshops provide valuable opportunities to explore new areas, engage with peers, and foster constructive discussions. We are looking forward to a lively exchange of strategies and ideas, inspiring us all to be more innovative and resourceful educators.

The Citadel School of Engineering has been awarded \$10,000 funding to support the conference from SC Department of Labor, Licensing and Regulation / SC Board of Registration for Professional Engineers and Surveyors. Workshop topics related to engineering licensure will receive special consideration.

Proposal Submission Guidelines

Workshop proposals should not exceed two single-spaced pages and must include the following information:

- Workshop title
- Presenter names, including designation of a Lead Presenter
- Length of workshop
- Workshop goals
- Brief description of topics to be covered
- Required space and equipment
- Complete contact information for Lead Presenter
- Fees required for workshop attendees

Submit proposals for Saturday High School Educator workshops in pdf file format to Stephanie Laughton slaughto@citadel.edu 843-953-7679.

Submit proposals for Sunday Engineering Educator workshops in pdf file format to David Greenburg dgreenbu@citadel.edu. 843-953-9811.

Important Dates

November 15, 2021 – Due date for workshop proposal submission

December 3, 2021 – Notification regarding workshop proposal acceptance
