

Meritorious Award

Carl O. Hilgarth

A repeated and effective leader in the technological and Engineering Literacy
– Philosophy of Engineering Division, serving in many roles including
Program Chair and Division Chair.

A significant contributor in the development of key concepts and reasoning
that have shaped the intellectual work of the Division.

Carl has provided clarity for the members of the Division, through his
original writing and by synthesizing conference papers, reports,
conversation, and articles related to our work, including by authoring the
2020 Best Paper of the Division, “Should We Consider Transforming the
Definition of Technological And Engineering Literacy ...”
